FCC & PHCC are assessing our organizations through a race, gender, and equity lens. To maintain support and buy-in, we will use an equity assessment tool and platform to provide public-facing data and milestones to increase accountability and drive community engagement for change. Over the next 9 months, we will be incorporating change to provide transparency and address organizational inequities within our systems, processes, and policies. You can learn more about this process at LeadersofchangeLLC.com or ConsciousUnbias.com. Interested in being a part of this process? Join our Equity and Inclusion Working Group!
